confidence in the quality of EcoMowers[®]
Helix™ push reel mower.

I am lighter, cleaner, greener. ★

HELIX[™]
ecomower[®]

- a rugged, sharpenless reel mower packed with innovative features:

EverSharp™

Helix blades are made from heat-treated carbon steel for strength and rigidity. Crafted to a 0.1mm gap tolerance for true sharpenless cutting performance.

EasyTune™

Adjustment posts allow for simple, do-it-yourself blade tuning. Easily keep the Helix blades in peak performance condition and keep your maintenance money in your pocket.

TruSpin™

Unique blade support system prevents distortion of the Helix reel over its lifetime. Helix stabilizes to absolute cutting position over the most aggressive terrain.

ErgoGrip™

Attractive durable hand grip designed for superior comfort and frequent use. The ergonomic handle positioning provides a relaxed mowing experience for your hands, wrists, elbows and shoulders.
